

HEALTH AND SAFETY POLICY

Quality Freight Services is committed to providing and promoting a healthy and safe workplace for all employees, visitors, and guests.

Quality Freight Services management will make available the necessary resources i.e., people, facilities and equipment in order to comply with all relevant workplace health and safety legislation, and to ensure the health and safety of all employees, visitors and guests.

Quality Freight Services will provide a workplace environment that:

- Protects the health, safety and welfare of all persons, including staff, visitors and guests affected by the workplace activities

- Actively encourages controlling risk in workplace activities

- Strives for continuous improvement in workplace health and safety

Quality Freight Services addresses risk management as a priority; Workplace health and safety is both an individual and shared responsibility of all QFS Managers and employees.

The Quality Freight Services Management commit to and are responsible for:

- Integrating best practise health and safety into all aspects of the workplace

- Promoting communication about workplace health and safety

- Planning, developing, implementing and monitoring workplace health and safety

- Taking effective action to provide a healthy and safe workspace

The employees of Quality Freight Services shall:

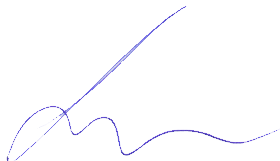

- Complete all health and safety training as assigned

- Follow all workplace health and safety policies and procedures

- Ensure their own and other safety is not affected by their actions

- Report hazards, near misses and accidents
