

ENVIRONMENTAL POLICY

Quality Freight Services Ltd recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods.

We encourage customers, suppliers and other stakeholders to do the same. Not only is this sound commercial sense for all; it is also a matter of delivering on our duty of care towards future generations.

We believe that businesses are responsible for achieving good environmental practice and operating in a sustainable manner.

The Company

- values the contribution that every member of staff can make in improving our resource efficiency to reduce both operating costs and environmental effects
- adopts good practice to minimise waste of energy resources such as gas, electricity, and fuel, and has installed solar panels at all owned property
- aims to select products whose life cycles have less impact on the environment, taking account of material consumption, use, re-use and re-cycling and disposal
- encourages staff, clients, and suppliers to consider the use of telecommunications and video conferencing to reduce the impact of travel
- acts towards reducing our emissions and carbon footprint by completing quarterly data submissions and participating in a United Nations approved offsetting initiatives 'Fuel Switch – Fossil Fuel to biomass Brazil' and 'Sichuan Miyaluo Hydroelectric Station'
- actively participates in recognised recycling initiatives e.g. toner cartridges for 'Against Breast Cancer'
- invests in the '50p a tree' project in Uganda which cover 9 of the UN Sustainable Development goals

The Quality Freight Services Ltd management team have delegated responsibility and accountability for environmental aspects within the Company. They are fully committed to their implementation and are encouraged to put forward environmental recommendations to the board.

This policy statement will be regularly reviewed and updated as necessary and will be made available to all relevant interested parties, as required.
